confirm_platform_policy	I understand Castglo policies on fairness, privacy, and conduct	Review	checkbox	Yes	Checked / unchecked	Must be checked before publish	Always show

POST A NEW PROJECT FORM

RECOMMENDED FORM LOGIC

Minimum requirements before publish

Any project should not publish unless it has:

- project_title
- project_type
- short_project_summary
- full_project_description
- talent_types_needed
- at least one valid role in roles []
- application_deadline
- visibility_level
- final confirmation checkboxes ticked

Minimum requirements per role before publish

Each role should have:

- role_name
- role_type
- role_talent_types_needed
- character_role_summary or full_role_description
- is_paid_role
- payment_type
- currency

Recommended autosave sections

Autosave by:

- project basics
- production details
- roles
- application settings
- publishing settings

Suggested Wireframe Section Order

Desktop left-to-right

- Left sidebar: steps
- Centre: form area
- Right panel: live project summary

Mobile

- Stepper at top
- form fields
- sticky save draft / next buttons
